### Why Unpolished?

In 2014, a group of entrepreneurs threw a party in Cincinnati and called it *Unpolished*.

They were done with the fake shine of "hustle-culture" and wanted to host an honest conversation about the gritty, lonely, and uncertain parts of entrepreneurship. Hundreds of people showed up for the first *Unpolished* night, and from there it grew into an annual conference attracting thousands of curious and faith-driven entrepreneurs. In 2018, Unpolished merged with OCEAN Accelerator to become OCEAN Programs.

OCEAN is teaming up with FaithTech to bring the *Unpolished Roadshow* to hundreds of entrepreneurs in nine key cities who experience the same tension. The roadshow will invite professionals in tech & entrepreneurship to consider how faith relates to their work and help them activate their dreams & skills for the kingdom.

### OCEAN

OCEAN activates dreamers and early-stage entrepreneurs with practical business training rooted in timeless biblical wisdom. With small business training (Genesis) and a high-tech accelerator, OCEAN trains hundreds of faith-driven entrepreneurs each year around the world.

### FAITHTECH

FaithTech bridges the gap between faith and technology. By launching and building communities around the world, FaithTech offers technology professionals community and opportunities to join in hackathons, lab projects, and venture-building.
